DIRECTORY OF GRADUATE AND UNDERGRADUATE PROGRAMS FOR CERTIFICATION OF PROFESSIONAL PERSONNEL

INSTITUTIONAL APPROVAL FOR TEACHER EDUCATION

The listed institutions have been approved by the Secretary of Education for the preparation of professional employes for Commonwealth of Pennsylvania schools. Institutional approval for teacher education is based upon (1) PDE approval as a college or university previous to applying for teacher education, (2) formal application to the PDE for initial approval to offer teacher education programs, (3) evaluation of the institution for teacher education by a visiting team selected by the PDE, (4) recommendations and action by the PDE, and (5) notification to the institution of the action taken by the PDE.

INITIAL APPROVAL OF CERTIFICATION PROGRAMS

Some programs have recently received initial PDE approval. The procedure for introducing programs includes the following steps: (1) formal application by an institution to the PDE, (2) an evaluation team visit to determine its readiness to start the program, (3) a report by the teacher education program approval committee of the PDE, (4) recommendation by this committee, (5) authorization of initial approval status by the PDE, (6) a report of this action to the institution, (7) periodic evaluation visits until the requirements are satisfied, and (8) periodic reports of progress to the PDE required for programs on initial approval. All approved graduate programs are included. Graduates of programs which have initial approval are eligible for professional certificates provided they meet all certification requirements.

DESIGNATION BY INSTITUTIONS

You will note that the institutions are listed alphabetically and under each are listed all programs leading to professional certificates.

ISSUANCE OF TEACHERS' CERTIFICATES

Teacher education programs have been identified as being of at least adequate quality by a team of evaluators, representing the PDE. This implies that the total program including general education, professional education and subject matter or field of special concentration has been approved. Graduates of these programs are issued certificates upon recommendation of the institution.

CHANGES IN PROGRAMS THAT HAVE PROGRAM APPROVAL STATUS

Changes in programs which have received program approval, or initial approval status must be filed with the chief, Division of Teacher Education, Bureau of Academic Programs. Certain changes may require reevaluation for maintaining program approval.

DISCONTINUED TEACHER EDUCATION PROGRAMS

When an institution discontinues a program, a letter should be addressed to the chief, Division of Teacher Education, Bureau of Academic Programs, notifying him that a program has been dropped. The program may be reactivated by means of a new application.

PROVISIONS OF THE SCHOOL LAWS OF PENNSYLVANIA

The State Board of Education through the Secretary of Education establishes and promulgates the standards of preliminary professional education and training for professional personnel in the public schools. The secretary and board are engaged in a constant review and appraisal of education in the Commonwealth. The evaluators review educational objectives, alternative organizational patterns, alternative programs of study and the operating efficiency of the educational system.

The PDE investigates and determines the acceptability of colleges, universities and institutions of learning which wish to offer programs leading to credentials, diplomas or degrees that permit the holder to act as a professional employe in the schools of Pennsylvania. The PDE also approves such colleges, universities and institutions of learning as are deemed by it to be acceptable. The department withdraws its approval of institutions which fail to maintain the required standards. A registry of approved colleges, universities and institutions of learning is published annually.

Inquiries regarding these programs, policies and procedures should be addressed to the chief, Division of Teacher Education, Bureau of Academic Programs, Department of Education, Box 911, Harrisburg, PA 17126.

This document is published periodically by the Division of Teacher Education, Bureau of Academic Programs, for public school personnel and educators at teacher preparing colleges and universities. It is compiled and written by the staff members of the Division of Teacher Education, Bureau of Academic Programs.
